<https://ancroad.com/>

Note: there is no sign-in to submit these forms.

There are three form choices:

- Report Road Use
- Request Road Use Addendum
- Notification of Construction

To access any three of these options you can click on “Road Use” from the top or “Report Road Use” just under the main picture.

Fill out the top portion of the form, all Asterix fields are mandatory

To add roads/routes you click the green Add Road button, this opens for you to enter the from and to kilometers and the ANC road it pertains to. You can add as many ANC roads as needed.

At the bottom of the form you then need to choose a further option for what you wish to submit:

- Report Road Use

**Report Road Use:** Need to get a ban permit? Reporting travel along ANC's roads? Enter your details here.

- Request Road Use Addendum

**Request for Road Use Addendum:** Do you need to setup consent to access to a new location? Re-entry? Additional drilling? Please complete this form.

- Notification of Construction

**Notification of Construction:** Are you wishing to report construction? Please complete this form.

Click the form you wish to complete.

Once you have completed the form hit the Submit button. An email will be sent with the information you completed on this form to the contact emails that you inputted. If you do not see an email in your inbox, please check your junk email folder. Copies of your submission will be sent to GeoVerra at [thirdpartyrequests@geoverra.com](mailto:thirdpartyrequests@geoverra.com). Follow-up emails can be directed here.

For “Report Road Use”, the subject line will include a unique number – this is the Permit ID, should there be a road ban on ANC’s roads, the truckers can show/provide this number to the security gate at KM103.
